

The Nantucket collection recreates the old world elegance of luxurious wide European White Oak flooring, finished with a low luster patina. Nantucket has the large format look of timeworn floors found in castles, farmhouses and beachfront homes, featuring 7.5" wide boards with many as long as six feet. These floors boast a thick 3mm live sawn wear layer, which has been wire brushed and gently hand scraped for a unique soft texture. This beautiful collection has the low luster look of an oil finish, without the oiling and buffing necessary with oil finishes.

- *Light Hand Scraped and Wire Brushed For a Multi-Textured Visual*

- *Lifetime Structural Warranty*

A natural product like wood means that each board will be unique. That means that no two boards will be alike. Samples are representative but due to natural variation, both grain and color may vary from the sample and photos.
